## MACHINES

## QUALITY CONTROL & ASSURANCE

To ensure our merchandise is meeting our customers' Expectations across the entire production line.

- All patterns are checked against master patterns for accuracy to conform to the customer specifications.
- Where applicable, size sets are produced before production.
- Materials inspected.
- Pre production and critical path meetings are carried out for all order.
- All garments pieces are numbered for colour continuity & colour shading.
- Every garment is inspected in the sewing line.
- All garments are checked by metal detector machines.
- All safety instruments are provided to workers to avoid accidents.
- We follow AQL 2.5 for all orders.
- We restrict access to the finishing area to approved employees only.
- We maintain rejection reports & keep separate rejected garments from approved bulk.

## DESIGN & DEVELOPMENT

**LUCKY STAR APPARELS LTD.** understand the requirement of moving with constantly changing fashion trends and can therefore adapt to the needs of clients. This keeps **LUCKY STAR** one step ahead of other textile manufacturers in Bangladesh

## WORK PLACE ENVIRONMENT

As a responsible manufacturer, LUCKY STAR APPARELS LTD. tries to provide a work environment high above the local industry standard. We have installed updated lighting, ventilation, extra fire escapes and forced duct ventilation.

The company meets all requirements for minimum wages, hours of work, overtime & living wages (higher than the minimum legal standard) and other related requirements as per prevailing laws of the country.

The goal is to reach & exceed global working standards and client expectations

**LUCKY STAR APPARELS LTD.** Strongly opposes forced labour, child Labour, racism, discrimination and exploitation of workers and makes every possible effort to discourage such misconducts

Advanced water filtering system as an effort to our aid our employees health & safety.

**MEDICAL**

## HEALTH & SAFETY

We subscribe and contribute to medical centre & workers welfare & medical fund for employees. In addition to the above, we have an internal medical unit headed by an MBBS Doctor and a full time nurse to ensure proper medical facilities and guidelines for our employees. We also provide free medicine to our employees and arrange first aid training for all our workers. First Aid boxes are adequately present on all floors. We also have a child care unit to take care of our employee's children.

## SECURITY

The company is very much concerned about access control, physical control, procedural security, personal security and awareness training on all security concerns. All measures are in place to prevent unauthorized or unidentified access to the factory premises.

We maintain:

- Threat awareness & security training
- Loading/unloading training
- Business partner monitoring
- Monthly conducted internal security audit
- Drug & alcohol testing
- Internet security
- Full factory area monitored via CCTV cameras
- All vehicles are checked by metal detectors and mirrors.

**DINING ROOM**

## FIRE SAFETY

We have emergency fire exits stairs to ensure maximum evacuation of employees is possible in the case of fire. We regularly arrange fire training which is conducted by local authority officials. Employees are trained to use the following:

<b>SAFETY EQUIPMENT</b>	<b>QTY</b>
Fire Extinguishers	120
